

The Face of Eyelid and Facial Rejuvenation

PARAG GANDHI, MD FACS

Oculofacial Plastic and Reconstructive Surgery

At Maryland Eye & Face, Dr. Parag Gandhi and his team provide a wide range of facial and periocular reconstructive and aesthetic procedures, from laser eyelid surgery to the newest technologies in facial skin resurfacing, tightening, and enhancements, with a focus on achieving balanced results and fostering long-term relationships with patients. Dr. Gandhi is board-certified and fellowship-trained with over 15 years of experience. Teaching has always been an important passion that he carries over to patient education and taking time during consultations. Dr. Gandhi is well-regarded as a compassionate surgeon and expert in his field. He has been the recipient of the American Academy of Ophthalmology Achievement Award in 2019, and numerous other recognitions. Dr. Gandhi and his staff are excited to welcome new patients to the practice in Rosedale.
